Heather,

For your use, submitted for the EPA review process. As previously mentioned, this doc has gone through NOAA review at the Regional level. Most of the doc has been reviewed by our Scientists, by discipline. This is ready for the EPA process.

NOAA Admin has suggested/requested I attach something more formal, a transmittal letter or memo simply acknowledging this doc has been provided by NOAA for EPA use. A formality, I'll get that to you asap...

As Jeff inferred, for this part of the process, "The Opus"...

Hey, Doug. We're moving toward getting the assessment ready to go out for review & will be needing the marine resources report at that time. How's it looking on being able to send it to us?

Thanks,

Heather
